The sultriness of the closed house, where for a few days pending alterations she had been left sole occupant, had driven the girl to seek the comparative freshness circulating about the brownstone steps and there Jeff Rehn had found her when he arrived to explain his absence the previous evening.

"Oh, having a delightful time. She is in her office informally from 1 to 3."

At home in her room, poor little Rose Brown sat gazing out of the window with tearful eyes and heavy heart.

"I hope that I have not done wrong in placing them together so much," she said softly to herself. "I merely wanted to test Rex. I am afraid that I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it have lost him now, forever, and it seems as if my heart would break, I have lost him now, forever, and it have lost him now, forever, and it have lost him now, forever, and it have lost him now, fore

In it were set several panes of colored glass. Could she break these suffocation need not be dreaded. Climbing onto the seat, she strud, with clenched fist at the glass and a rush of purer air rewarding her, sank back. Day had risen and with renewed hope she screamed afresh. Surely her plight was desperate. The day of horror dragged on until darkness fell. Utterly worn in mind and body, sleep was impossible. The heat was almost unendurable, and she suffered maddeningly from thirst.

It seemed hours to the tortured girl before the car descended and she found herself lifted tenderly out by Jeff. When she had taken some nourishment and was sufficiently revived he took her in a cab to his mother's, who, putting her to bed, nursed her with devotion.

"Your complay was a privace!"

"Your coming was a miracle!" whispered Alice, her hand in Jeff's as he sat beside her sofa a few days

The truth, however, was more pro-sale. On the second day succeeding their quarrel, Rehn had felt in some inexplicable manner that she was in trouble. On the top stood two milk bottles and Jeff, knowing Alice to be too conscientions a housekeeper to leave town without She Could Not Draw a Free Breath, thons are the crucial test, and measured by the standard formed by recent association with her wealthy employer's family, with their social niceties and easy courtesy, essential or ornamental, plain, hard-working Jeff Rehn officers declared them not sufficient warrant for breaking into a closed feel lamentally short. ometral, plain, hard-working Jeff Rehn fell lamentably short.

A dull, thick red burned the man's sheek. He rose.

The second day passed as the first had done, and only when the third morning broke did she lack the spirit and strength to move. Huddled upon the floor, she lay, for the most part, passively accepting fate, though in the intervals of feverish delirium her parched lips continued to call on Jeff.
